BHMI And Payshop Win “Editor’s Choice Award” at PayTech Awards 2022

OMAHA, Neb. – July 6, 2022 BHMI, a leading provider of enterprise software applications and creator of the Concourse Financial Software Suite[®], and Payshop, a subsidiary of Banco CTT and part of the CTT Group, received the “Editor’s Choice Award” at the recent PayTech Awards 2022 ceremony in London on July 1.

Produced and hosted by FinTech Futures, the awards program recognizes innovation in the finance and payment industries worldwide, celebrating the leaders and solutions that help drive it.

The two companies were recently named as finalists for the program’s “PayTech Team of the Year” category, which lauds teams whose efforts have stood out for their exceptional teamwork and collaborative spirit in producing outstanding results. Payshop selected BHMI’s Concourse Financial Software Suite[®] to power its transformative business initiative to create a single unified back-office solution for all payment services, expanding its omnichannel capabilities to adapt to the needs of e-commerce, digital payment gateways and the ever-growing demand for digital payment solutions.

“We are excited to be selected for this prestigious award,” said Tiago Mota, CEO of Payshop. “Selecting BHMI and its Concourse platform and as our partner in this critical technology transformation journey has proven a tremendous value. The implementation team displayed its dedication, industry knowledge and professionalism throughout the entire project, and we look forward to many more chapters to come in our partnership.”

“It is an honor to be chosen as this year’s ‘Editor’s Choice Award’ winner alongside our partners at Payshop and I would like to thank the judges and Fintech Futures for their recognition,” said Jack Baldwin, CEO of BHMI. “I am proud of the collaboration between the BHMI and Payshop teams and the return on investment that this project has generated for both organizations. This recognition highlights our commitment to providing our clients with the adaptable and scalable back office solutions they need to meet the demands of today and tomorrow.”
